About Phoenix Pumps

Since 1985, Phoenix Pumps, Inc. has offered quality products for industrial, mining, municipal and construction marketplaces. Pumps, mixers, filtration and flowmeters are our specialty. We separate ourselves from the competition by offering large local inventory, field services and one-stop-shop service capabilities. There is only one call to make and we take care of the rest!

Field Services

Phoenix Pumps, Inc. offers turn-key field services ranging from new installations to retrofits. In addition we offer laser alignments and preventative maintenance programs. Our field service technicians are committed to bring your system back up quickly. As a licensed contractor, you can count on reliable service. We know your time is limited, so let us help.

Local Service Center

Our factory-trained technicians are committed to quality repairs in a timely manner. As a certified warranty repair center you can rest assured that your equipment will be built to factory specifications. In addition to pump and motor repairs, we provide machining and fabrication services. Our 24-hour service line is available for emergency breakdowns.
